

GemView 16

TD-LBK156VA

The Topaz GemView® 16 Tablet Display provides all the display advantages of a high-performance tablet with none of the IT drawbacks.

With its full-page, 15.6" high-resolution display and electronic pen, the GemView 16 allows for signing documents, playing videos, running ads, and more.

GemView Tablet Displays come bundled with Topaz software solutions (www.topazsystems.com/gemview-software.html): apps for PDF creation and signing (by the PC user, by a client in a one-on-one environment, and by multiple clients in a one-to-many environment), SDKs for development, and more.

BENEFITS

- ✓ Sleek, thin tablet design for **optimal space utilization**
- ✓ 15.6" full-page TFT LCD display for **ease-of-use**
- ✓ High-quality **biometric and forensic** capture
- ✓ Kensington mounting slots and standard VESA mounts for **security** and **convenience**
- ✓ Topaz software suite bundled at **no additional cost** for complete signing and signature solutions
